EXPERIENCE

Senior Front-End Developer

Wipro Limited | June 2021 - December 2023

Key responsibilities:

- Worked as a senior developer in the team and created 20+ new functionalities using ReactJS, Redux, and JavaScript.
- Rebuilt a 4-year-old application in React 16 and Redux with full user experience redesign to release an MVP in 4 months.
- Unit and functional testing using jest with more than 75% code coverage.
- Handled Release activities for the team. Handled the project pipeline for front-end and Backend for day-to-day work, Dev/QA & for the above environment (UAT/Production).
- Contributed to the in-house UI library to create reusable components that saved over 200 hours of development time per month.
- Mentored junior front-end developers on ReactJS using best practices within the organization.

Front End developer

Wipro Limited | June 2020 - May 2021

Key responsibilities:

- Worked as a front-end developer in the team and created 10+ new functionalities using ReactJS.
- Integrated web pages with AEM and collaborated with content authors to add the correct content to the production.
- Fixed 50 minor and medium Coverity issues and 10 high-severity issues.
- Created an MVP for a service request management platform with 100+ business customers to create, manage, and track requests using React, Redux, and Redux-form.
- Mentored 3 freshers for front-end development through regular KT sessions and work reviews.

Junior Front End developer

Wipro Limited | July 2018 - May 2020

Key responsibilities:

- Created 10+ new features and functionalities using ReactJS, Redux, and JavaScript, HTML, CSS.
- Performed unit and functional testing with jest.
- Collaborated and worked together with backend developers, QA, and the design team.
